RE: MASTER METALS SITE
CLEVELAND, OHIO
ANALYTICAL DATA FOR
BACKFILL SOURCE

Mr. Michael DeRosa
ENTACT Chicago Office
1360 North Wood Dale Road
Suite A
Wood Dale, IL 60191

Dear Mr. DeRosa:

Thank you for your fax of October 28, 1997 (addressed to Joe Trocchio), providing analytical data on the backfill source for the Master Metals site in Cleveland, and requesting Ohio EPA concurrence prior to beginning backfilling operations. Your fax also stated that the U.S. EPA Remedial Project Manager, Thomas Alcamo found the material acceptable as backfill at the site.

Based on the analytical data provided, Ohio EPA has no objection to the use of the material as backfill in the areas specified at the site.

Please also note that Ohio EPA (Division of Emergency and Remedial Response) oversight of the Master Metals site has been transferred from Joe Trocchio to me. Please feel free to contact me at (330) 963-1290 if you have any issues related to the site.

Sincerely,

Sheila Abraham
Environmental Specialist
Division of Emergency and Remedial Response
